

## GILLILAND HOME IS DEDICATED HERE ON SUNDAY

The Gilliland Presbyterian Home at 220 Baltimore St. was dedicated in brief ceremonies Sunday afternoon as a memorial to the father and brother of Mrs. Ella Gilliland, whose estate of nearly a quarter million dollars provided the home and much of the income that will be used for its support.

Among the approximately 100 persons who gathered for the dedication were the first three guests at the home, which eventually will be able to accommodate a dozen elderly Presbyterian ladies.

The home, which was part of Miss Gilliland's property, has been completely remodeled and redecorated with the exception of the third floor which will continue to be rented until requirements of the home need that additional space.

"Seems So Like Miss Ella"

The dedicatory prayer was delivered by the Rev. Clyde R. Brown, pastor of the Gettysburg Presbyterian Church. The invocation was given by the Rev. Harry S. Ecker, pastor of the Lower Marsh Creek Church, and the benediction by the Rev. Herman D. Beatty, supply pastor for the Great Conewago Presbyterian Church at Huntersdown. Representatives of those three congregations serve on the board of trustees for the home.

State Senator Donald P. McPherson, who is chairman of the board of trustees for the home, concluded a statement on the life of Miss Gilliland with these words:

"It seems so like Miss Ella, that left alone in the world after the death of her parents and brother, with no close relatives, she should leave the estates she had acquired through her self-sacrifice and by inheritance to establish this home where other women of her religious faith and, like her, left alone in the world without close family ties can spend their days in physical comfort and with Christian companionship in a place where God abides."

Her "Prayer Rocker" There

After the invocation, the hymn "God Our Help In Ages Past" was sung by the assemblage. Mr. McPherson's statement followed; then the dedicatory prayer after which Mrs. Margaret McGuire sang "Bless This House."

In his statement Mr. McPherson spoke of Miss Gilliland's "lovable qualities, her intense loyalty to her friends, her adventurous spirit, her life of service that included work with the youth of the community and in her church."

He made reference to Miss Gilliland's "prayer rocker," one of the chairs from her collection of antiques that remains in the home.

Memorial Plaque

The assistant teacher of Miss Gilliland's last Sunday School class, Miss Harriet M. Krauth, is one of the three original guests in the home. The others are Miss Sara Lott and Mrs. J. Kerr Lott.

A balance remaining in the treasury of Miss Gilliland's class is being used to help defray the cost of a bronze plaque that has been placed in the home. It states that the home was established through the generosity of Miss Gilliland and as a memorial to her father, J. J. F. Gilliland, and her brother, William H. Gilliland.

Miss Gilliland died December 11, 1950, from the effects of a fall. The Gilliland Presbyterian Home trustees incorporated last December and proceeded with complete remodeling of the home. The interior of the first two floors was repainted and re-papered and new and refinished furniture was provided.

The work was handled by the board of trustees which includes: Chairman McPherson, Herbert G. Hamme, J. E. Wells, J. Willis Beidler, Oren H. Wilson, J. S. Cairns, E. D. Scott, Mrs. J. P. Dalbey, Mrs. Wayne M. Keet, Mrs. E. W. Thomas, the Rev. Clyde R. Brown, Mrs. Ira Henderson, Mrs. William M. Lott, J. Clair Ford and Allen S. Stauffer. Today an "open house" is being held at the home from 2 to 5 p.m. with refreshments for the visitors to come to be shown through the home by Mrs. William Wilson, the matron, and members of the board.

The local chapters of the Association for Retarded Children are planning a capacity, he said.

## POLICE FAVOR LANDS CRASH VICTIM IN JAIL

Because borough police wanted to do a favor for Marcelles J. Myers, Altoona, he landed in Adams County Jail Sunday afternoon on a drunken driving charge.

The stage for the arrest, unknown to the officers and Myers was set Sunday morning when police witnessed an auto accident in which a car driven by a local juvenile struck Myers' parked car.

Police assembled the details of the crash, were unable to find the owner of the struck car, and left a note in the vehicle for the owner to call at the police station when he arrived to claim his vehicle.

Watch For Driver

Later Sunday, police continued to keep an eye on the car parked on E. Middle St.

When Myers finally did return to his vehicle, police were waiting. He drove past them and they whistled for him to stop to tell him of the crash. When he failed to stop they drove after him.

When Myers eventually was stopped police noticed something unusual about his appearance. "As a matter of fact," they said, "he was unable to walk."

Myers was arrested on a drunken driving charge.

He will appear before Justice of the Peace Robert P. Snyder for a hearing.

## OCTOBER AGAIN WAS VERY DRY; IT'S A HABIT

October got only about one-third its normal amount of rainfall but dry Octobers are becoming the regular pattern here. In the last nine years only one October has had above normal rainfall, local weather records show.

Rainfall here last month was only 1.30 inches, leaving the month with a shortage of 2.03 inches. It was the fourth consecutive October with a rainfall deficiency. In the last nine years, only October, 1949, had above normal rainfall. The driest October on record here was in 1924 when only a tenth of an inch of rain fell here. In arid 1930, the month received only 0.38 inches of rain.

## Rebuffed Commies Postpone Repatriation Talks; 1 POW Is Slain; Broadcast Denied

PANMUNJOM (AP) — The erratic Communist program to woo back anti-Red Chinese and Korean war prisoners floundered in uncertainty tonight after a Red dispute with the Indian command, which guards the 24,600 POWs.

The Communists called off today's scheduled interviews with 500 Koreans after the Indians refused to let the Reds make loud-speaker broadcasts to the POWs awaiting interviews.

The U. N. Command said late in the afternoon it had been told officially the Reds would interview more Koreans Tuesday, but an Indian spokesman said later he believed the Reds would not hold the interviews.

He said the Communists still were insisting on making the broadcasts. The Indians said previous Red broadcasts had been too exciting to the POWs and said they

night when he left the home of Russell Nunemaker, E. Middle St., where he had resided for the last two years.

He had appeared confused Wednesday and had difficulty in climbing steps.

Riddle left his home without money or tobacco, which seemed to indicate that he did not plan to go far. He left during the heavy rain late Wednesday night.

Seek Other Friends

Police today were seeking the names of other friends and acquaintances of the missing man. A thorough search within about a five-mile radius of Gettysburg last Friday was fruitless. Hunters found no clues.

The elderly man was described as "half-blind" with a cataract in one eye and poor eyesight in the other. He carried a white cane. He was in the habit of taking walks each day, and it is believed that he could have walked some distance.

## THIEVES STEAL GARAGE SAFE BUT FIND NO MONEY

Burglars who "lifted" the safe of Ernest Unger, Biglerville, from the Heller and Keller garage, Steinwehr Ave. over the week-end, learned, after transporting the 450 pound safe 50 miles, that "crime does not pay."

Police found the safe in the Tuscarora Mountains Sunday morning. It had been opened.

As police reconstructed the crime, the burglars—who believe there were several in the group because of the weight of the safe—entered Heller and Keller Motors late Saturday night or early Sunday morning by prying open a door on the south side of the building.

Discover Theft Sunday

They placed the safe on a "crawler" and pushed it to the rear of the garage and then lifted it into a car or truck and drove away.

The loss was discovered at 9 o'clock Sunday morning.

The safe was owned by Ernest Unger, who recently sold his garage to Heller and Keller. Inside the safe were Mr. Unger's books of accounts, receivable, two car titles, and three checks, one for \$3, one for \$4 and one for \$15. None of the checks were signed, and payment was stopped immediately.

About 12:30 o'clock Sunday afternoon state police reported finding the safe.

It had been taken 50 miles from Gettysburg, and was found about 300 yards off the road from Tuscarora Summit to Cowan's Gap State Park.

The bottom of the safe had been removed "as if it had been a tin can lid," police said. "Whoever chiseled it open, cut a line as straight and as neat as could have been done by a saw." Police said the safe can be welded and used again.

When the burglars discovered there was no money in the safe, they left the books neatly within it, and departed.

## CRATINS HURT IN AUTO CRASH

Mr. and Mrs. Harry L. Cratin, 409 Prince St., Littlestown, were injured late Saturday morning in an auto accident at the intersection of Buford and Howard Aves.

Borough police said Mr. Cratin, 73, county Democratic committee treasurer, was driving west on Buford Ave. when he attempted to pass a truck driven by Clarence W. Forsythe, 30, Gettysburg R. 3.

At the same time the truck driver attempted a left turn into Howard Ave. The Cratin car struck the stake body of the truck, then plunged out of control into a utility pole, knocking it off, then continued 25 feet farther and smashed into a tree.

Damage to the Cratin car was estimated at \$1,000 and to the truck at \$10.

Mrs. Cratin suffered a broken chest bone and a broken left wrist. Mr. Cratin had head and chest bruises. Both were removed to the Warner Hospital by the local ambulance.

Police are continuing their investigation.

## PITTSBURGH PAPER FAVORS JUDGE SHEELY

Fair and continued mild weather is forecast for election day, Tuesday, and political leaders of the two major parties are hopeful of a large turnout of voters. The polls will be open from 7 a.m. until 8 p.m.

While most of the candidates have completed their campaigning Judge W. C. Sheely, Democratic nominee for Superior Court, will have one more election chore to perform before he closes his campaign.

He will make a TV broadcast this evening over an Altoona station at 11 o'clock. Tuesday he will sit in election court in Fulton County until early evening when he returns to Gettysburg to sit in election court here until 10 p.m. He and Mrs. Sheely will vote early Tuesday evening in the Second Ward polling place at Kendlehart's pool room.

Paper Endorses Sheely

Judge Harvey A. Gross has been assigned especially by the Supreme Court to sit in the election court in Adams County until Judge Sheely returns. Both he and Sheely will be available from 7 a.m. for election questions. Court will be in session from 7 a.m. until 10 p.m. Judge Gross will be relieved at 6 p.m.

The Pittsburgh Press recently endorsed Judge Sheely's candidacy. In an editorial it said: "He has been active in legal affairs, served on the State Government Survey (Chesterman) Committee and would bring valuable experience to the Superior Court. The Press favors Judge Sheely's election."

## ACT SOON ON SCHOOL BIDS

Contracts for the new elementary schools at Biglerville and Arendtsville are expected to be let within a day or two, Leslie V. Stock, supervising principal of the Upper Adams joint school system, said today.

The Building committee of the joint board has given its approval to the Upper Adams authority to go ahead with the acceptance of bids for the work.

At present, attorneys for the authority are completing the paper work in connection with the floating of a bond issue and acceptance of the low bids for the construction.

As soon as the paper work is completed, the authority will be called into session to put its approval on the bids and bond issue, Stock added.

While no figures could be given pending the actual acceptance by the authority it was believed that the cost of the schools, if the authority agrees to go ahead, will be considerably lower than the approximately \$515,000 that would have been needed had bids been accepted last spring when the board first considered construction of the two schools.

## Young Hunter Tries In Vain To Aid Wounded Companion

ROCHESTER, Minn. (AP) — A young squirrel hunter, wounded in the head, died last night despite a cold, 20-hour vigil by a companion who said he held a fingertip in the wound thinking he would keep the boy from bleeding to death.

The boy, Martin Larson, 12, Utica, Minn., was wounded when a .22-caliber rifle discharged while he and John Kieselhorst, 16, St. Paul, were hunting in heavy woods near Utica about 2:30 p.m. Saturday.

Sheriff George Fort said Kieselhorst told him he fell and the gun accidentally went off, a bullet striking Martin in the forehead, over the left eye.

Enrollment in the Gettysburg Parent Teacher Association has passed the 600-mark, it was announced today by Mrs. Samuel F. Swope Jr., membership chairman for the PTA. This total sets a new mark since the PTA was re-organized here several years ago.

Mrs. Swope said the "very successful" open house held at the public school districts throughout the jointure last Thursday contributed to the success of the drive for new members. Only at the high school, however, was a separate record kept of the number of parents enrolled on that night. There were 46 memberships added there that night, she stated.

No "hundred per cent" classrooms were reported and it will be determined which rooms have the highest percentages of parent enrollment so that the PTA prizes can be awarded, Mrs. Swope said.

## TOSSES MONEY DOWN SEWER

NEW YORK (AP)—A man ripped up a handful of money and kept tossing it into a Manhattan sewer today until restrained by police.

The man carried naturalization papers issued to Leonardo Angelino, of Broad St., Grove City, Mercer County, Pa., in September, 1928.

Police said the man, about 61, was incoherent. He was taken to Bellevue Hospital for observation.

No estimate of the amount of money he threw away could be made by police, or by the 20 persons who watched him for several minutes before calling officers.

A police emergency squad recovered from the sewer and from a sanitation department trash can scraps of bills, including seven pieces of \$50 bills and a few pieces of \$10 bills, along with pieces of a savings bond application, a withholding tax receipt issued by Wamamaker's department store here in the name of Leonardo Angelino, of 412 E. 73rd St., Manhattan, and what appeared to be bits of government bonds.

Police found in the man's pockets 19 \$10 bills, a \$5 bill and 4 \$1 bills.

### "REVERIE OF SUMMER"

I'm haunted by the murmur of  
... the brook that now is still  
... and I can vision violets  
... where now is icy chill ... the  
ghosts of gorgeous trees I see  
... all dressed in beauteous  
green ... beneath my feet is  
velvet grass ... to further haunt  
the scene ... for just a moment  
winds are still ... and skies  
are warm and bright ... as I  
drink in the wonder of ...  
my daydream of delight ...  
the images of robins fly ... and  
tender songs are heard ...  
although deep in my heart I  
know ... it's only a snowbird  
... and then I shrug and bundle  
up ... my reverie is gone ...  
for I approach the winter time  
... a cold and dismal dawn.

The Twenty-third Psalm was repeated in unison and several readings were given by the members. Gary Strevig played two piano solos.

Mrs. George Trump, president, conducted the business session. A report was heard from Mrs. Edwin L. Harget, secretary. The birthdays of the following members were noted: Mrs. Lillie Shryock, Mrs. Oliver Erb, Mrs. Paul Bowers, Mrs. Ralph Wantz and Mrs. Charles Lemmon. Refreshments were served by the October hostess committee, composed of Mrs. Charles

## Political Leaders Make Last Minute Effort Before Voting Begins Early Tuesday Morning

PHILADELPHIA (AP)—Last minute get-out-the-vote pleas provided the final echo of a lukewarm today-year election campaign today in Pennsylvania.

Both Republicans and Democrats urged party workers to arouse voters to get to the polls tomorrow to make a record for the important 1954 gubernatorial campaign.

Democrats hoped to benefit from a protest vote against the state's one per cent sales tax.

Republicans called for a GOP victory as a vote of confidence in the Eisenhower Administration.

On a statewide basis the only contests are two seats on the State Superior Court.

Attracting more attention is a referendum on whether Pennsylvanians want a new Constitution.

Party leaders were agreed that most voters will appear primarily to choose thousands of city, borough, township and county officials, including mayors in Pittsburgh, Scranton and 20 third class cities.

### Fine Urges Straight Vote

Gov. John S. Fine issued a weekend statement urging a straight Republican ticket vote, declaring:

"The election Tuesday is important in that its result will help to point the way to Republican victory in Pennsylvania next year and also uphold the National Administration of that great national leader, President Dwight D. Eisenhower."

While Republicans used the Eisenhower name in their campaign statements, Democrats continued to blast the Republican passed one per cent sales tax.

The polls open at 7 a. m. and close at 8 p. m. in 8,532 voting precincts.

Republicans hold a 4-2 edge in statewide voter registration. Totals this year are 3,004,500 Republicans compared to 2,076,079 Democrats, both parties suffering an aggregate loss of 186,216 from last year's all time high registration of 5,341,970.

### Constitution Question

Besides the question of revising the Constitution Pennsylvanians also will decide whether the document should be amended to:

1. Permit bedridden or physically incapacitated war veterans to vote without having to go to the polling place.
2. Permit the Legislature to disregard present uniform tax requirements and permit an easing of the tax burden on private forest lands.
3. Allow judges of the Allegheny County Court to reside in the Common Pleas Court of that county.
4. Allow county treasurers to succeed themselves.

In local referenda Buck and Northampton counties will vote on whether they want county health units entitling them to matching state aid for their operation.

Twenty-seven communities in 16 counties also will ballot on Sunday movies.

### Candidates For Court

Candidates for the court seats are Judge J. Colvin Wright, elevated to that bench by gubernatorial appointment last year, and now seeking a full 10-year term, and Judge Harold L. Ervin of Delaware County, both Republicans; and Judges W. C. Sheely of Adams County, and John Inghram Hook of Greene County, Democrats.

The court jobs pay \$23,000 a year.

The Pittsburgh mayoralty election, in which Democratic incumbent David L. Lawrence is seeking an unprecedented third term, is attracting observation for a possible comparison with the 1952 Presidential vote.

The same comparison will be sought in Philadelphia which elects a controller and several other offices. That city, once a GOP stronghold, has gone Democratic in the past three elections.

Adlai Stevenson, 1952 Democratic presidential candidate, carried both cities although the state turned in for President Eisenhower. Philadelphia and Pittsburgh will be focal points of both parties in next year's gubernatorial campaign.

### Favor Revision

Two Democrats — Dist. Atty. Richardson Dilworth of Philadelphia and Miss Genevieve Blatt, party secretary—lent their support last night to revision of the state Constitution.

Dilworth said that one-third of the Chesterman Committee recommendations for reorganization of the state government could not be accomplished under the present Constitution which he described as "a sort of legislative strait-jacket."

Miss Blatt, defeated Democratic candidate for Auditor General last year, said the state's "hopelessly tangled financial affairs" can never be put straight under the present Constitution.

"If we want to establish an intelligent approach to taxation, to achieve much-needed economies in government and to bring into the open the problem of our constantly mounting state debt, we must revise the Constitution," she said.

## REYNOLDS TAKES POST

PITTSBURGH (AP)—Alan D. Reynolds was sworn in as state welfare secretary today by Common Pleas Court Judge William H. McNaughton.

Judge McNaughton said he didn't know why Reynolds requested him to administer the oath of office rather than go to Harrisburg for the ceremony.

Reynolds succeeds Frank C. Hilton, Reading, who was named secretary of property and supplies by Gov. John S. Fine. Reynolds' post pays \$15,000 a year.

## THE Camera COLUMN

By Dave Garfinkle

With those long winter evenings approaching, and the holidays of Thanksgiving, Christmas and the New Year, the season for indoor photography has arrived. Don't put your camera in mothballs just because Old Sol is working a short shift. With the lighting equipment and fast films now available, you can take pictures anywhere, anytime, and in any weather.

We'll be talking about indoor photography for the next few weeks ... about lighting equipment, films, indoor exposures, and so on. We'll even discuss taking indoor night pictures with normal room lights. This "natural light photography" is a fascinating way to get "homey" family scenes.

Don't think of artificial light as a substitute for sunlight. In many cases it is better than sunlight. You can't move the sun around so that light strikes your subject from the angle you want it. You can't dim Old Sol down and brighten him at will. And artificial light can be many times more brilliant than the rays of the hottest summer sun.

Drop in during the next few days and examine our lighting equipment. You'll be surprised how little it costs to equip yourself for indoor photography. And this lighting equipment works just as well with a box camera as with the most expensive equipment. So come in and get ready for that indoor season. "The most complete camera shop in the area."

## Today's Talk

By GEORGE MATTHEW ADAMS

FOR THE FUN OF IT!

We would be healthier and happier human beings if we looked upon the work which we perform each day—as fun! After all, it's what we earn that is later converted into personal belongings, into travel, reading, entertainment, food, and whatever else contributes to our well-being.

If we look upon our work as drudgery, or something that has to be done for a certain amount of compensation, we can be assured in advance that we will not perform in our most efficient manner, and something precious in our make-up will then have been wasted—thrown away. And that something is our self-respect and our inborn pride.

Have you witnessed workers who were so interested in their work that they found it difficult to stop "on time"? A Pittsburgh steel worker once wrote and told me of the joy he experienced as a certain process changed the steel into a thing of beauty. He mailed me some samples of this change and told me that he never tired of his work because, besides his pay, he got this additional joy in the form of beauty.

I have seen athletes, training for a contest of some sort, go through the most strenuous exercises—long walks and trots, hours in a gymnasium, at the same time enduring many a sacrifice that they might be in top form for their hope of triumph. These same athletes would revolt at such a procedure should there be no glory, little money or fame to it. Why is it that there are not more people in this world who will work for the fun of it, knowing that they will be additionally paid, beyond their agreed salary, in health and inward satisfaction?

You don't have to worry over the work that is being done by one who whistles or sings as he works—that is, of course, if that work is of such a nature that no one is disturbed by it. The best worker is that one who gets fun out of what he does!

Tomorrow Mr. Adams will talk on the subject: "Curiosity."

By EDGAR A. GUEST

ENVY

It's human, I suppose, to think  
The grass is greener far away;  
That pinker is the neighbor's pink  
Than that which makes our  
gardens gay.

I'm sure that this is so with me.  
Still, knowing envy to be wrong,  
Since music was denied to me  
I wish I had the gift of song.

I never envy wealth or fame.  
Of both I've had a generous share,  
But many an artist I can name  
I envy for his talent rare.

I envy all which quickly give  
The aid I think of just too late.  
But I suppose the while we live  
This is for all the common fate.

**Huntersdown Republican Meeting:** The meeting at Huntersdown on Friday night was unexpectedly large and enthusiastic. Two drum corps were on the ground, Gettysburg and York Springs. A procession was formed and after marching through the streets, a meeting was organized in the school building, on motion of Wm. A. McIlhenny, which was addressed by Messrs. Hill, Beales, Jacobs and Buehler. The officers were: President—Samuel H. Harris.

Vice Presidents—Jacob Rummel, John Fidler, John Cleveland, John Brown, Joseph Lease, Frank Hartzell, Joseph Diehl.

Secretaries—Jacob Sowers, Enis Brown, J. W. Taubman, John Black, J. W. Dickson.

**Greenback Meeting:** The announcement that Mr. Mason, the Greenback candidate for Governor, would speak in Gettysburg Tuesday night drew to the court house a large audience, composed largely of Republicans and Democrats curious to hear the standard bearer of the new party. Mr. Mason did not put in an appearance and home talent had to be resorted to. Gen. Slayton, who has some congressional aspirations, was assigned the post of honor, and Mr. Mertz, nominee for Assembly, bringing up the rear, with Dr. Goldsboro and Wm. R. Eyster sandwiched in between. The meeting was quiet and orderly and was presided over with much grace and dignity by our old friend, Dr. Weaver.

**Thanks:**—Mrs. J. A. H. Rether, the excellent lady of the well-known hotel in Middletown, has a deservedly high reputation for capacity in serving up first class suppers. She has equal capacity in getting up sponge cakes hard to beat, as was proven by her generous contribution in that line to ourselves and other gentlemen who had the privilege of talking at the Bigger meeting. We need hardly add that, like her excellent husband, she is a sound Republican.

## ENGLISH WIN SEVEN OUT OF 11 AT HORSE SHOW

HARRISBURG (P)—International jumping teams from England, Ireland, Canada and the United States are on the way to New York today for 10 more days of competition at the National Horse Show in Madison Square Garden.

An eight day stand here at the 8th annual Pennsylvania National found the English scoring a run-away with seven wins in 11 tries. It was the best showing in Harrisburg since Gen. Humberto Mariles led his Mexican riders to the same number of blue ribbons in 1949.

The United States team came through strong the final two days, Friday and Saturday, to cop the top team trophies, the Low Score competition and the International Challenge Jump.

**Pat Smythe Wins 5**  
Pat Smythe, riding for the first time in the United States, led the English sweep with five personal victories in individual jumping events. Ireland also won two of the 11 international events.

Domestic grand champions for 1953 included:

Opening Jumping—Oregon Duke, owned by Millard Farms, Annville, Pa.; Bedford, owned by Millard Farms, reserve champion.

Working Hunter—Dusk and Dark, owned by Paul R. Pout, Dale S. C.; Brandwyne, owned by Betty Jane Baldwin, West Chester, Pa., reserve champion.

Pennsylvania winners Saturday—Easter Melody, owned by Pine Stables, Erie, open single horse harness hackney pony gig; The Sorceress, owned by N. Wood, Harveys Lake, championship three gaited saddle horse stake; and Genus Firefly, owned by Valley Farms, Ringtown, championship five gaited saddle horse stake.

## LOVESICK BOY KILLS FATHER OF SWEETHEART

CHATHAM, N. J. (P)—A lovesick youth, ordered from his sweetheart's home, shot to death the girl's father and wounded her mother and brother yesterday, police said.

"It will be either us or your parents," police quoted 17-year-old Fred West III as telling his girl friend just before the shootings.

Police said West was angered over objections by the parents of Lola Ann Bevilacqua, 17, to his courting her.

The father, Charles Bevilacqua, 47, had refused to let the couple go out yesterday. Police said West returned later but was refused admittance. He came back a third time and went with Lola to her upstairs bedroom and locked the door.

**Shoots Thru Door**

Police said the father shouted to the girl, "Are you all right?" She said she was.

Police gave this account of what followed: West showed a .32-caliber automatic pistol to the girl and said: "Will you marry me now? If not, it will be us or your parents."

Mr. and Mrs. Bevilacqua went upstairs. The mother went into her son Jerry's room to tell him what happened. The father, meanwhile, tried to open the door of his daughter's room with another key.

Young West fired a shot through the door. The shot wounded Bevilacqua. The youth opened the door and fired another shot at the father.

**Wounds Mother, Brother**

Then he pumped three more bullets through the door of the brother's room. One of them hit Jerry, 22, and another struck Mrs. Bevilacqua, 40.

Lola Ann took the gun from West, and they both went downstairs to the kitchen. West was found with his head bowed on the kitchen table when police arrived at the house. The gun was in the middle of the table.

Mrs. Bevilacqua and her son were taken to Overlook Hospital in Summit, where they were reported as in good condition.

Officer Gene Shanbaker said West admitted the shootings immediately and was arraigned on charges of murder and atrocious assault and battery.

**Reading Driver Wins At Speedway**

Harvey Richards, Reading, won the feature race Sunday at the Lincoln Speedway, near Abington, beating Jerry Banks and Bud Hamilton.

Richards hit the fence during the warm-up period and again in the third heat. He came back to finish second in the consolation heat and then nosed out Banks in the feature.

Next Sunday a special race will pit the season's feature winners together. In addition, a Powder Puff race with women drivers will be staged.

Miss Constance Schroll, Fairfield, a member of the Gettysburg Riding Club, placed fifth in the National Horse Show equitation Saturday at the Harrisburg Show. She was fifth in the AHSA Union Member saddle seat competition

## THREE SMALL COLLEGES ARE WITHOUT LOSS

By The Associated Press

Shippensburg, Westminster and Juniata led the field as the 1953 college football seasons heads in the November homestretch.

All three schools romped over their opponents in last weekend's clashes to preserve unbeaten records. However, Franklin and Marshall topped from the clean-slate class with a thud, losing 34-13 to Lafayette. And Clarion, which had won 14 straight, including five this season, was upended on a 45-yard pass play by California Teachers, score: 6-0.

Shippensburg's little giants treated Millersville unmercifully, 65-0, for their 15th straight victory. Juniata trampled Susquehanna, 39-0. Westminster made it six in a row, beating Waynesburg, 20-0.

None of the three seems in danger from next weekend's opponents. Shippensburg plays Cheyney (1-5), Juniata meets Grove City (2-4), and Westminster's Titans play Allegheny, one of three schools in the state yet to score a victory (0-6).

**Temple Earns Tie**  
Temple, meanwhile, made the gridiron experts sit up and take notice by playing the powerful Bainbridge Naval Training Station team—studied with college and professional stars—to a 7-7 stalemate.

The state's major college foot-

ball teams, however, had a rough day.

Penn and Pitt met Big ten powerhouses Michigan and Minnesota. The Red and Blue overcame a 12-0 deficit to take a 14-12 lead in the third quarter but the Wolverines came back quickly with a TD and coasted from there. Final: Michigan 24, Penn 14. Pitt, worn down by its weekly diet of some of the nation's best teams, fell to Paul Giel and his Minnesota teammates, 35-14.

**Penn State Loses**  
Penn State came close against West Virginia, but the Mountaineers, holders of the longest major college winning streak in the nation, recovered a blocked kick in the end zone and edged the Nittany Lions, 20-19. It was the West Virginians' 12th straight win.

Running over the scores:

That's why we publish the price of the big Buick SPECIAL here—to make Point #1: you can buy this great performer for just a few dollars more than the so-called "low-price three."

But Point #2—the smart point—is this:

When you put up those few extra dollars for the Buick pictured here, you're in the driver's seat of a lot more automobile.

You boss extra power—more satisfying power—wallowing Buick Fireball 8 power—highest ever found in a Buick SPECIAL.

You get extra room—a lot more comfortable room—real, man-sized, 6-passenger room—as much room as you get in cars costing hundreds of dollars more.

You enjoy extra satisfaction—more solid satisfaction—in the ride of this big, broad,

road-steady traveler that's cushioned by coil springs on all four wheels, and engineered with all the other costly features of the Million Dollar Ride.

And, speaking of extras—here you get, at no extra cost, a long list of standard equipment that most other cars at or near the price of this Buick charge you for, as "extras" on the bill of sale.

## REDS WILL NOT TALK TIME AND PLACE FOR PEACE

PANMUNJOM (P)—Stung by failure to even get started on planning the Korean peace conference, U. S. Ambassador Arthur Dean said after today's session with the Communists that they are "turning out propaganda" instead of negotiating.

The talks have been stymied by Red insistence on talking first about who will attend the full-scale conference.

Dean has insisted just as strongly that the time and place be settled first.

The seventh meeting apparently got nowhere, but Dean told newsmen later that he still feels they might be able to organize the big meeting. He said the discussions so far have been preliminary skirmishes.

Basically, the break is over whether to invite nonbelligerents to the peace conference—the Communists say yes and the U. N. says no.

In the latest session, Dean re-

peated that the U. N. Command would accept a full "exchange of views" on the composition of the political conference, but he said time and place must be decided first.

North Korean representative Ki Sok Bok denounced Dean's view as "completely unreasonable" and repeated the Red stand that the composition must come first.

The Communists again read from prepared statements, as they have done from the beginning. Dean told newsmen afterward he got the "definite impression they were not negotiating."

## Mountaineers Start Cage Drills With 10 Lettermen; Will Play 23-Game Program

Coach Bill Clarke's Mount St. Mary's cage team began drills last week for the 43rd basketball season which gets under way against strong Villanova on December 2 in Philadelphia. Facing a strong 23-game card that includes home-and-away frays with Gettysburg and Georgetown, the Mountaineers open their season with a New York trip hard on the heels of the Wildcat game. Ten of the first twelve games will be played on the road. On January 11 the Mountaineers open a long home stay against Gettysburg.

The 23-game card lists 15 Mason-Dixon Conference games, one of the heaviest schedules in league play. Last season the Mountaineers wound up third in the conference with a 15-3 log, and an overall record of 20-7. Back from last year's squad are 10 lettermen headed by Sal Angelo, an all-conference ad all-tourney choice in his first campaign. Angelo led the Mountaineer scorers with 495 points for an 18.3 game average and picked 609 rebounds off the boards for an average of 22.5 per game, one of the best in the nation. Other returnees include Ed Bals, diminutive set-shot artist; Bill Stanley, the Blue and White playmaker; George Donohue, Charley O'Donnell, Frank Swaine, Jack Dunphy, Jack Mazouze, Frank Smith and Jack Sherman.

Three tall freshmen promise help under the boards: Jack Sullivan of St. Anthony's, Washington, D. C., who won almost every schoolboy honor in cage play last season; Al Saunders of Manhattan Prep; and Dick Anglim of St. Mary's, Elizabeth, N. J. All three tower well over six-feet and have good speed and nice shots. Bob McNelis, 2nd team All-Catholic in the Philadelphia area last season, adds back court strength. George Niggemeyer, all-state Catholic from Wheeling, W. Va., and Bob Burke of St. Peter's Prep, Jersey City, have also looked good in pre-season workouts.

Up from last year's freshman team are Charley Futtner of Washington, D. C., and Jack McGrath, St. Benedict's Prep, Newark. Both are 6'3" and McGrath, in particular, has been impressive in the initial workouts.

**Fresh To Be Strong**  
Coach Clarke also expects to floor a strong freshman team with the possibility that some of the freshmen may later move into the varsity.

## MOUNT BOOTERS DEFEAT HOYAS

## ONLY 4 MAJOR COLLEGE GRID TEAMS LEFT ON UNBEATEN LIST

NEW YORK (P)—Only four major college football teams remained undefeated and untied today as the campaign headed into the home stretch and the crucial games that could make or break many a coach.

Notre Dame, Maryland, Baylor and West Virginia are the only members of the select circle—and at least two of them would be just as happy if the season were over. Baylor still has three rugged Southwestern Conference foes to play and West Virginia has a date with a better-than-average South Carolina outfit.

December 2, Villanova, away; 3, St. Peter's, away; 5, St. Francis, away; 7, Georgetown, away; 9, Gettysburg, away; 12, Gallaudet; 14, Catholic U., away; 16, Western Maryland, away; 19, Hofstra, away; 21, American U., away; 23, Gettysburg; 25, Washington, away; 27, Maryland.

## QUICK DENIALS ON RUMORS OF SHANTZ TRADE

PHILADELPHIA (P)—A couple of Philadelphia Athletics prize left-handers—southpaw pitcher Bobby Shantz and first baseman Eddie Robinson—had the hot stove league buzzing last night.

Walter Winchell reported on his network telecast that Paul would be traded to the Baltimore Orioles within a week. But Roy Mack, executive vice president of the A's, and Art Ehlers, new general manager of the Orioles, promptly denied the report.

"There's nothing to it—nothing at all," Mack said.

"That's not true," Ehlers declared in Baltimore. "I don't know where Winchell got that one."

Ehlers had been general manager of the A's until several days ago when he accepted the Baltimore job. Shantz, most valuable player in the American League in 1952, was sidelined most of the 1953 season with a pulled tendon in his left shoulder. Robinson was obtained from the Chicago White Sox early this year in a trade for Ferris Fain.

## 11 Tumbled From Ranks Of Unbeaten

NEW YORK (P)—Thirty-five college football teams, including four major schools, remained unbeaten and untied today as the grid season moved into its final few weeks.

Notre Dame, Maryland, West Virginia and Baylor were the major teams who maintained their unbeaten records in Saturday's competition.

Little Peru State Teachers of Nebraska tops the list with eight straight victories. Nine other colleges have won seven in a row this year.

## Early Basketball Poorly Organized Says Pro Coach

(This is the first of four stories covering Joe Lapchick's highlights in 40 years of basketball. Now coach of the New York Knickerbockers, he long has been a dominating figure in the game.)

By JOE LAPCHICK (Written Especially for AP)

I remember playing basketball in 1912 when I was 12 years old in grammar school in Yonkers. Half the courts were less than half the size of today's basketball courts. As a consequence there was very little running.

Today you see baskets on lamp posts all over the country. That's wonderful. Years ago there was no such thing as a basket on a wash pole or on dad's garage because no one would be silly enough to dare tamper with mother's washpole and because there was no such thing as a garage.

We played in the streets and we used to wear 25-cent caps. On kid would sacrifice his cap and we'd stuff it with paper. Naturally we couldn't dribble the ball and we had to pass it between houses legs; the game stopped for nothing.

We couldn't put up a basket anywhere because in those days the policemen carried night sticks, and the kids had respect for the man in the blue suit. We'd shoot at a six-foot spot on the gable of a house and you seldom got a chance to shoot. The kids used to guard us nose to nose and if we missed that six-foot spot it was a long time before we ever got to take another shot.

When I was 15 I played semi-pro ball with Hollywood Inn, a Yonkers team. At 19 I turned professional and was playing with three teams at the same time — The Holyoke Reds in the Massachusetts League, Schenectady in the New York State League and the Brooklyn Visitation in the Metropolitan League.

Leahy Rejoining Team

Joe McArdle, who substituted for Frank Leahy, the ailing master, Saturday, emptied the Irish bench in an effort to hold down the score against Navy—the same Tars who were being touted only two weeks ago as the class of the East. The final count was 38-7.

Leahy, who collapsed at halftime of the Georgia Tech game nine days ago, had his doctor's permission to rejoin the team today if he didn't exert himself.

South Bend was swarming with scouts Saturday and they came away breathless. One, shaking his head, said he refused to believe Notre Dame could be as good as the team was advertised.

"Now I know," he said sadly.

**Maryland Roped Thoroughly**

Maryland, too, used its regulars for only about half the game with South Carolina but still won 24-6. Jim Tatum's Terps certainly should win the Atlantic Coast Conference title and go on to the Orange Bowl against Oklahoma, which seems certain of taking the Big Seven title again, especially after its convincing 34-0 triumph over Kansas State, the chief pretender to the throne.

The chances of Notre Dame being beaten, of course, are practically nil no matter what teams the Irish still had on their schedule. But for the record they still meet Penn. North Carolina, Iowa, Southern California and Southern Methodist.

**Western Race Unsettled**

Maryland still has George Washington, Mississippi and Alabama on its schedule. Of Miss., which has been beaten only once—by Auburn—stands the best chance against the Terps.

Illinois has one foot in the door to high society. The Illini have been tied but not beaten. If they can get past Michigan Saturday, they should have clear sailing to the Big Ten title and a bid to the Rose Bowl. After Michigan, they have only Wisconsin and Northwestern to dispose of.

The other Rose Bowl nominee still is up in the air because the Pacific Coast Conference race is far from settled. At the moment Stanford, winner of all five of its league games, rules the favorite. But it still must dispose of Southern California and California.

Scranton Tech of the Eastern Penn claimed the spotlight in Eastern Pennsylvania by halting a West Scranton team that had won 21 conference games in succession. Tech's 20-6 win put the Red Raiders atop the league's northern division and also the 13-member Lackawanna Conference.

## BROWNS DRUB 'SKINS; LIONS LOSE TO RAMS

By ORLO ROBERTSON

NEW YORK (P)—The National Football League season has reached the halfway mark with the Cleveland Browns safely entrenched as leader of the Eastern Conference and the Los Angeles Rams holding down the top spot in the Western Division but by no great margin.

The Browns, only undefeated club in the 12-team circuit, chalked up win No. 6 yesterday by drubbing the Washington Redskins 27-3 with a three-touchdown parade in the last half.

The Rams took undisputed command of the Western Conference with a 37-24 triumph over Detroit's Lions, 1952 champions. The defeat dropped the Lions into a tie for second place with the San Francisco 49ers, who downed the Chicago Bears 24-14 as their injured quarterback, Y. A. Tittle, returned to action after an absence of three weeks.

## Eagles Move Up

The standings show the Rams with a 5-1 record compared to the 4-2 mark of the 49ers and the Lions.

Philadelphia's high scoring Eagles moved into the runner-up spot in the Eastern Conference with a 35-7 triumph over the Pittsburgh Steelers. The New York Giants won their second game of the season at the expense of the Chicago Cardinals 23-20 on a 75-yard pass play in the last seven seconds. Saturday night the Green Bay Packers whipped the Baltimore Colts 35-24.

The unenviable task of trying to stop the Browns falls to the Steelers this week at Cleveland. But a Pittsburgh victory wouldn't have any serious effect on the standings for the Eagles, who meet the Giants, trail by 2 1/2 games.

## Rams, 49ers Meet

Out on the West Coast the Rams and 49ers renew their feud at Los Angeles, where a record crowd of 93,751 sat in on yesterday's contest.

Bobby Thomason's passing wizardry was the Eagles' chief offensive weapon. He completed 22 of 33 passes, three for touchdowns. Jerry Williams and Harold Glandell went overland for the other two Philadelphia tallies.

## Biglerville, Red Lion Battle To 13-13 Draw; Naylor Sparks Offense

Gene Haas' scrappy Biglerville High School football team fought back from a 13-7 half deficit at half-time to score in the third period and gain a 13-13 deadlock with Red Lion on the latter's field Saturday afternoon in a Conference of the Roses game.

The Cannons stuck to the ground to produce their scoring while Red Lion used a diversified attack and fired 23 passes, eight of which clicked. Biglerville took to the air but three times and completed one.

Red Lion returned the opening kickoff to its own 43 and marched 57 yards for a score. A pass, Stauffer to Paules, was good for a first down on the Canner 37. Another pass, Stauffer to Robertson, was good for a first down on the 27. Paules picked up a yard on a plunge and after a pass had fallen incomplete, Stauffer ran 26 yards on a bootleg to score. Warner's kick for the point was wide.

Late in the first period Biglerville halted a Red Lion drive on its 8 yard line and from that spot marched 92 yards for a score midway in the second quarter.

Burnell Dehoff picked up 5 yards and Lloyd Naylor, on two tries, moved the ball to the 33. Naylor got 11 yards on his next try and two plays later ran 13 yards to the Red Lion 45. Billy Decker moved the ball to the 35. Decker picked up nine and three yards on two tries for a first down on the 22. Naylor, Decker and Dehoff alternated for a first down on the 11 from where Naylor raced over, Wayne Guise booted the point on a placement to give the Cannons a 7-6 advantage.

The Lions came right back to take a 13-7 half time lead. After returning the kickoff to their 45, the Lions took to the air, Stauffer tossing a 30-yard pass to Fry to put the ball on the Biglerville 20. Paules got 2 and Stauffer 10 to move the ball to the 8-yard line. Paules was tossed for a 1-yard loss. A pass fell incomplete but Stauffer then tossed to Paules for a 9-yard TD. Warner booted the point and the half ended two plays later.

**Cannons Show Power**  
Biglerville marched 57 yards for its tying points late in the third period. Taking over on their 43 via a Lion punt, the Cannons ripped the Lion defense for five straight first downs on the hard-running of Guise, Decker, Dehoff and Naylor to put the ball on the 1 from where Guise went over on a quarterback sneak after 10:30 minutes of the period. Guise's boot for the important point was low and wide.

Twice during the scoreless last quarter, Biglerville smothered Red Lion threats. The first time the Cannons took the ball on downs on their own 25. Another time Biglerville took over on its 41.

In the closing moments Biglerville picked up a first down on the Lions' 30. Roe got 9 yards on the final play of the game.

## Watch Election Results In New Jersey, Virginia And NYC

### By THE ASSOCIATED PRESS

Observers anxious about which way the political winds are blowing will be holding up fingers tomorrow in the directions of New Jersey, Virginia and New York City.

New Jersey and Virginia elect governors. There is also a special House election in New Jersey's 6th District. New York picks a new mayor, as do a number of other cities, including Pittsburgh, Cleveland and Little Rock.

In no case, perhaps, is there a clear-cut test of the popularity of the Eisenhower administration because of the many state and local issues involved. But the results will be closely watched, particularly in the wake of the upset Democratic victory in a Wisconsin special House election three weeks ago.

### Ike Backing GOP

President Eisenhower is on record in support of all the Republican candidates. His press secretary, James C. Hagerty, said so last week after some confusion had developed in the wake of the President's statement at a news conference that he was interested in seeing the GOP retain control of Congress next year.

The President some weeks ago posed for pictures with Paul L. Troast, Republican candidate for governor of New Jersey. He and Theodore R. Dalton, GOP candidate in Virginia, had a chat at the White House but not, the President has said, about politics. Another recent White House caller has been Harold Riegelman, GOP candidate for mayor of New York.

In brief, this is the picture: New Jersey — Troast opposes Robert B. Meyner for governor. Both are relatively unknown politically. Troast is chairman of the authority which built the New Jersey Turnpike; he has never run for office before. Meyner made an

unsuccessful bid for re-election to the State Senate in 1951. Democrats are not counting too heavily on wresting the State House from the GOP, nor in winning the 6th District House seat. Democrat Harrison A. Williams Jr. is running there against Republican George F. Hetfield. Rep. Clifford Case, a Republican, resigned to create the vacancy.

### Big GOP Effort In Va.

Virginia—Democrats voice confidence they will hold the governorship in the face of the first determined GOP campaign in a quarter of a century. Dalton's Democratic opponent, backed by the regular state organization headed by Sen. Harry F. Byrd, is former Rep. Thomas B. Stanley.

New York City—There are three major candidates: Riegelman, Republican, former acting postmaster of the city; Robert F. Wagner Jr., Democrat, Manhattan borough president; Rudolph Halley, Liberal, City Council president. Wagner is generally conceded to have the edge. Mayor Vincent R. Impellitteri, who lost the Democratic nomination to Wagner, sought to run as an independent but his name was ruled off the ballot on grounds his nominating petition had insufficient valid signatures.

## EYE NEW JERSEY BALLOTING AS TREND FOR '54

NEWARK, N. J. (U.P.)—New Jersey's gubernatorial election tomorrow has attracted nationwide attention as a possible indication of the popularity of the Eisenhower administration in this state.

Some politicians believe the result may be a preview of the trend in next year's congressional elections.

Sharing the spotlight will be the race for New Jersey's 6th District congressional seat, particularly in the light of the recent Democratic upset victory in Wisconsin's congressional election.

Both major party candidates for governor — Republican Paul L. Troast and Democrat Robert B. Meyner — planned television appeals for votes today.

### Bitter Campaign

Various charges and counter-charges hurled during the campaign likely will determine the outcome. These charges concerned the fitness of the candidates and differences in state policies.

The campaign, fought mostly on local issues, has been one of the most bitter in modern state history and has seen several important crossings of party lines.

But both Democrats and Republicans foresee victory in the election.

For the past 10 years, New Jersey

company proposal on an incentive payment plan. The workers walked out Wednesday in a dispute over changes in the plan.

has had Republican governors. Only one other state—Virginia—holds a gubernatorial election this year.

Without mentioning Troast by name, President Eisenhower last week said he was in favor of all Republican candidates.

Running for the 6th District seat vacated by the resignation of Rep. Clifford Case (R-NJ) are Democrat Harrison A. Williams Jr. and Republican George F. Hetfield. The 6th District is normally Republican.

One of the major issues in the gubernatorial race has been a letter Troast wrote in 1951, asking clemency for convicted labor ex-convict Joseph Fay. Meyner, a lawyer, charged that the letter showed Troast as "unfit" to be governor.

Troast, a businessman, in turn attacked Meyner on grounds that one of his most important supporters, Mayor John V. Kenny of Jersey City, had visited Fay in his Sing Sing prison cell.

## 3 Airmen Die Of Smoke Inhalation

SAMPSON AIR FORCE BASE, N. Y. (U.P.)—Three young airmen died from smoke inhalation yesterday when fire ravaged one end of a wooden barracks in which they were sleeping.

An alert airman's warning over a loudspeaker system enabled a dozen others to escape the burning building.

A. B. Thomas Dixon, 18, of Philadelphia; A. 3C Gordon Christian, 18, Linwood Park, Pa., and A. 3C Theodore Hawk, 21, Fort Wayne, Ind.

An example of party line crossing was in Democratic Jersey City, where former Mayor Frank Hague Eggers, who is a bitter in-traparty foe of Mayor Kenny, endorsed Troast. The possible damage this move may have on Meyner's chances is considered a critical question by some observers.

The New Rochelle-Attractive Design For Suburban Setting

Rooms ..... Six  
Bedrooms ..... Two  
Closets ..... Six  
Cubage: House ..... 21,600 ft.  
Garage ..... 5,900 ft.  
Dimensions ..... 45'x21'

Clapboards seem the ideal exterior finish for this house; if it will not clash with the color schemes of neighboring homes, barn red would make a most attractive and appropriate color for "The New Rochelle." If you prefer white, or any neutral shade, for the house exterior, add gaiety and brightness to its appearance by using colorful asphalt roofing.

An abundance of windows adds to the exterior charms of the house. The slight pitch to the roof is in harmony with the general low-slung architecture of "The New Rochelle"; adds to the impression that this house hugs the ground and thus further carries out the feeling that it is a snug, cozy home.

With the wrought iron railings at either side of the front stoop and the old fashioned lanterns at

each side of the doorway, the front entrance is attractively friendly. The glass panels in the upper section of the door add to the appearance of the front entrance.

In "The New Rochelle," the entry hall is of ample size. It leads, through open archways, to the dining room on the right and the living room on the left. There is a good sized coat closet at the end of the hallway.

Measuring 11 feet square in dimensions, the dining room is well lighted and ventilated by one window in the right wall and other window in the front wall. Connected directly with the kitchen by a door in the back wall, the dining room is ideally located for ease in serving and also in clearing away.

Counters, cabinets and cupboards are so arranged in the 11'6"x11' kitchen that you have but a few steps to take to get the necessary utensils, foodstuffs, etc. when you're preparing a meal; cleaning up and putting "extras" away afterwards also is a simplified task in as conveniently arranged a kitchen as this one.

Spacious Living Room  
Largest of the rooms in the house is the 17'6"x15' living room. Long

expanses of unbroken wall area make furniture placement simple in this lovely room. The unusually large window, which can be either a plain picture window or can be divided into sections as in the illustration, provides plenty of light for the room and also is a very attractive decorative feature.

Located in the right wall, the fireplace also has both a practical and decorative value. A convenient series of bookshelves can be built into the wall beside the fireplace.

In the left wall of the living room the doorway opens on a hall connecting with the bath and the bedrooms. Thoroughly modern, the bath is amply lighted by one window in its back wall; is large enough to hold both a tub and a shower. The linen closet, located just to the left of the bathroom, is conveniently near to the bedrooms also.

Windows in adjoining walls provide good light and cross ventilation for the back bedroom which is 12'6"x10' in dimensions. If you wish, bunk beds can be installed along the unbroken expanse of right wall. There is a good sized clothes closet in the front wall of the room.

Measuring 13'x12', the front bedroom also enjoys the benefits of cross ventilation. This room also has a good sized clothes closet. Larger of the two bedrooms, this room is designed to serve as the master bedroom.

Connecting the house proper with the two-car garage is a 10-foot square porch. This area can be screened or glassed in, completely enclosed and used as another room or it can be left open except for the protecting roof.

Lighted by three windows, two in the front wall and one in the left wall, the garage is 20'x19' in area. If you have no need of a two-car garage you can, of course, have a regular one-car garage constructed in place of the one specified in the plans. Just make this arrangement with your contractor before building is started. You can, if you prefer, use the extra space for storage purposes.

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

## SEN. LANGER URGES BENSON NOT TO QUIT

WASHINGTON (AP) — Republican Sen. Langer said today he is "wholeheartedly opposed" to any move to drop Secretary of Agriculture Benson from the Cabinet, as demanded by his North Dakota Senate colleague and others.

Langer's relations with Sen. Young (R-ND) have long been cool. Young has called repeatedly for Benson's replacement, saying that if President Eisenhower retains the secretary the GOP will face a big handicap in next year's campaign for control of Congress.

Langer said in an interview he plans to call upon Benson to present a petition from 500 North Dakota farmers asking for government action to bolster sagging cattle prices. When he does so, the senator added, he will urge Benson not to yield to suggestions that he resign.

Backed By Ike  
Eisenhower has warmly defended Benson, and has given no indication he wants a new agriculture secretary.

Benson, under increasing criticism from many democrats and some Republicans in Congress, called a news conference today but gave no advance word of what he planned to discuss.

There was speculation he would announce a date for putting into effect his reorganization plan for the department, announced 2½ weeks ago. At the time, he solicited comment, and said he would not put the plan into effect until Nov. 1 or later.

Critics Have Started  
Since then, half a dozen members of Congress have criticized parts of it, notably a proposed reorganization of the soil conservation service. Sen. Murray (D-Mont.) said yesterday he will seek repeal of Benson's reorganization authority. A House committee has formally asked Benson to take no further action pending hearings it plans.

Tonight Benson is scheduled to address the Southern Governors Conference at Hot Springs, Va.

## Daffodils By Any Name Are Longest Lived Bulbs

Daffodil Types Differ Chiefly in Size of Trumpet.

Years of spring flowering may be expected of the bulbs planted in the fall which have three names — daffodils, jonquills, narcissi. Call them by either name and you will be correct for all practical and poetic purposes. The poets seem to prefer the first two, and the botanists use the last.

The flowers inspire the poets, because they are true heralds of spring, blossoming soon after the ground thaws, the first large blossoms in the garden. Of all fall bulbs they are probably the easiest for the amateurs to grow. They bloom each spring for many years without replanting, and with small attention. Many types multiply until they crowd, when they should be lifted, divided and replanted over a larger area.

The principal difference between the types is in the size of the trumpets, which vary from the large trumpet varieties, which when well grown rise two feet high with flowers six inches across and trumpets three inches long, to the poeticus type whose trumpets are mere cups, usually of bright red.

Hybrid varieties between these extremes have trumpets of varying sizes. While large trumpets are so far limited in color to white and yellow, there are medium trumpet varieties which have red and orange trumpets, combined with white or yellow petals, in vivid contrast.

Breeders have long sought to produce "pink daffodils," and a few varieties have been introduced which have trumpets faintly suffused with pink when grown in greenhouses, or in shady places outdoors. But this

## Held For Theft From Blue Mountain Hotel

HARRISBURG (AP) — Joseph Anthony Guthrie, 30, of Coaldale, was held without bail here before Alderman Elizabeth C. Armstrong charged with the theft of \$500 from a safe at a country hotel.

Guthrie was arrested by Sgt. Joseph Pochyba and Pfc. Joseph Devaney of the Pennsylvania State Police yesterday after contents of a safe at the Blue Mountain Hotel near here had been stolen.

Pochyba said Guthrie had worked at the hotel for about three months and knew the combination to the safe. Pochyba said entry to the hotel had been gained via a television tower and through a window screen. He said most of the money has been recovered.

Guthrie was arrested at a local rooming house after state police

had traced him through his employment record.

## EIGHT HUNTERS LOSE LIVES ON OPENING DAY

By The Associated Press  
Gunshot wounds took the lives of four hunters Saturday as an army of 400,000 took to the woods and fields of Pennsylvania on the opening day of the four week small game season.

Four died of heart attacks. The season runs through Nov. 28, with the exception of Sundays. Hunting hours daily are from 7 a. m. to 5 p. m. The weatherman has predicted fair weather for most of this coming week.

The opening day fatalities included:

John Henry Thram Sr., 71, of Enola, a retired Pennsylvania Railroad conductor who died of a heart attack near Mechanicsburg about 15 minutes after the season opened.

Walter Baum, 34, of East Millsboro in Washington County—shot and killed by a fellow member of his party near Point Marion in the Monongahela River Valley.

Matthew S. Koontz, 78, of Bradock—died of a heart attack. His body was found near the ashes of a campfire.

George Cline, 55, of Duquesne, died in McKeesport Hospital of

shot wounds over his entire body from the gun of another hunter. He was stalking game in a stone quarry.

Herbert M. Davis, 66, died of a heart attack while hunting on his farm in Wayne County. He also was a retired railroad worker.

Joseph Mercurio, 65, of Barnesboro, father of nine children—shot and killed in Washington Twp., 10 miles north of Indiana, Pa.

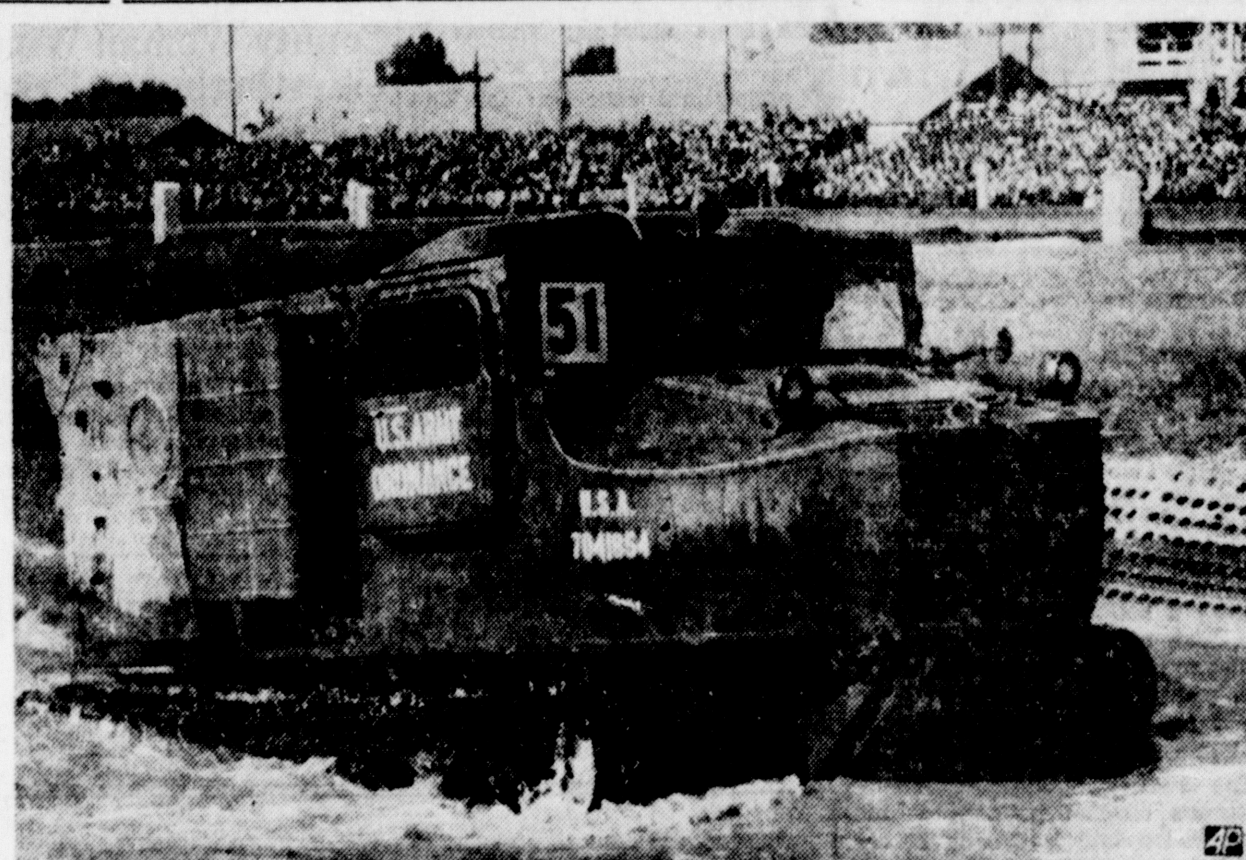

Charles H. Gindlesperger, 40, of Johnstown—found shot and killed in Conemaugh Twp., Somerset County.

Nicholas Chirico, about 60, Hazleton—died of heart attack while hunting in Sugarloaf Valley near Hazleton.

## ADENAUER WINS NEW VICTORY IN GERMAN VOTING

HAMBURG, Germany (AP)—Chancellor Konrad Adenauer's "Hamburg bloc" uprooted the Socialists today from their stronghold here in Hamburg state elections which also steered the federal government's hand for pushing through its pro-Western policies.

Complete official returns from yesterday's voting gave the bloc—Christian Democrats, Free Democrats, the German party and the

THE 'OTTER' MOBILE—The M76 cargo carrier, called the "Otter," leaves "bath tub" in demonstration at Aberdeen Proving Grounds, Md., before military and civilian ordnance experts.

Refugee party—62 of the state Parliament's 120 seats. The voters also ousted the Socialist state governor, Minister President Max Brauer, in favor of an Adenauer man who will have the power to appoint the state's three representatives to the upper house of the

federal Parliament.

Those appointments will give Adenauer's coalition the two-thirds majority it needs in the Bundestag, the federal upper house, to get parliamentary approval of plans to rearm Western Germany and ally her closely with West

Europe's defense setup. The coalition already controls a two-thirds majority in the lower house, the Bundestag.

81 Per Cent Voting  
The hotly contested election brought out 81 per cent of Hamburg's million and a quarter el-

gible voters and gave the Hamburg bloc 503,997 votes, or 50 per cent of the total. The Socialists, who have been in power in Hamburg since 1945, were close behind with 455,372 votes—45.2 per cent. The Communists failed to get the necessary 5 per cent of the votes and thus won no seat in the state Parliament. They won only 3.2 per cent of the total ballots. In the last state election in 1949, the Reds won five seats. The extreme right-wing German Reich party fared even worse, polling only 7,446 votes, or 0.7 per cent.

Compared to the Sept. 6 general election which returned Adenauer to power, the Chancellor's coalition forces dropped about 83,000 votes while the Socialists gained about 32,000. In the national elections 86.8 per cent of Hamburg's voters cast ballots.

About half of all employed persons in the United States use their cars to help them earn a living.

# Re-Arming Of Japan Is New Step In Building Steel Wall Around Russia By The West

By JAMES MARLOW

WASHINGTON (AP) — In another day, say eight years ago when the Japanese surrendered, the story would have been in headlines and national fury would have descended on Washington officialdom.

Not now. When the story about Japan's rearming appeared the other day it got some attention. There was no excitement. Most people probably thought it natural and inevitable.

In this upside-down world where old foes are today's friends and old allies today's enemies, the American mind accepts the idea you do what you can to save your life.

## Softness Second Best

The new enemies, the old allies—Russia and China—set the rules. In this game of table stakes, where the chips are survival, softness is the second best hand.

The story said the State Department had agreed with Japan on the need for rebuilding her land, sea and air forces, and the United States offered to help.

Strangely, remembering their prewar power drive, the Japanese showed reluctance about rearming. They were stripped to the bone in the surrender. Their only armed force now is 110,000 police.

## "Self Defense" Force

This country wants Japan to build up quickly a military force of 350,000. A "self-defense" force, it was called, against Communist attack. The wording was carefully chosen, since the Japanese constitution adopted after the war bans major rearmament. The Japanese reportedly took the position they could build up their ground force only to about 180,000 in the next three to five years unless they got much more economic assistance than is planned.

Japanese officials say the constitution may not have to be changed to permit creation of a "defense" force. But before the rearming of Japan starts, there are details to be worked out. It won't start tomorrow.

But that completes the cycle. This country's three big wartime foes—Germany, Italy, Japan—are now allied with the United States. Italy long ago was permitted to rearm, the United States has been pushing for Germany to do the same, and now Japan is being urged to do so.

This country has moved step by step as the pressure from communism became more intense and as each new step was taken the American public was hardly surprised. Each step was pretty much taken for granted.

## Work On Steel Wall

Yet, because all the moves to build a steel wall around Russia are not taken at once, the general picture is apt to be blurred, since American diplomacy has to oper-

ate on two levels at the same time. If this country could work out a peaceful settlement with Russia, there would be no need for the steel wall. The chance of settlement is dim.

So while the diplomats of Russia and the West dicker about conferences, split hairs in exchanges of notes, and damn each other in the United Nations, work on the wall continues.

## P. H. GLATFELTER IS GIVEN HONOR

P. H. Glatfelter, president of the P. H. Glatfelter Co., of Spring Grove, was one of five men to receive an American Forestry Association conservation award for 1953 Friday evening in Washington, D. C.

In presenting the award, Robert N. Hoskins, chairman of the AFA award committee, referred to Mr. Glatfelter's conservation accomplishments as: "Perhaps the east's most distinguished example of what true enlightened industrial leadership can accomplish in making the community a better place in which to live. This man's contributions have gone far beyond the borders of his own state as he has practiced the sound American philosophy of self-help and good neighborliness."

The Pennsylvania paper manufacturer's citation pointed to "his great vision and leadership in establishing a company forestry department and taking the message that 'timber is a crop' to countless farmers and woodland owners."

Mr. Glatfelter's pioneering work in the use of oak for wood pulp was also mentioned in the citation. The P. H. Glatfelter Company operates certified tree farms in Pennsylvania, Maryland and Virginia. Mr. Glatfelter is treasurer of American Forest Products Industries, the national coordinator of the tree farm program. He is a former head of the Pennsylvania Forestry Association.

Others who received conservation awards this year included: Sherman Adams, assistant to President Eisenhower and former governor of New Hampshire; George L. Drake, of Shelton, Wash., president of the Society of American Foresters and a

Penn State alumnus; Thomas V. Downing, assistant state supervisor of agricultural education for Virginia; and Ernest H. Linford, Salt Lake City editorial writer.

President Eisenhower opened the fourth American Forest Congress at which awards were made. The secretaries of agriculture and the interior attended.

D. E. Hess, Hillcrest Place, general manager of the Glatfelter Pulpwood Company, attended the Forest Congress sessions and witnessed the presentation.

Mr. Glatfelter, whose company operates tree farms in this county and buys large quantities of pulpwood here annually, was honored last year by the Pennsylvania Forestry Association.

# JOIN THE MANY HAPPY PEOPLE WHO HAVE DISCOVERED THIS EASY WAY TO FUN & POPULARITY

Says Joyce Lyons, Arthur Murray Teacher

## GAIN POISE AND POPULARITY AT ARTHUR MURRAY PARTIES

Others Have, You Can, Too!

You'd be surprised what attending these gay Arthur Murray Parties can do for your confidence and ego. These parties are different, gay. Everybody has a good time because everybody has developed their dormant personality and therefore appears at their very best. We've seen shy people become laughing extroverts at these parties. And you can imagine how this party experience helps make you poised and assured when you go out to a party with your own set. But read what Sarah Jones (pictured above) writes: "I used to turn down dancing party invitations because I didn't dance very well and was afraid of being a burden to my partner. Just a few lessons at Arthur Murray's and a Student-Teacher Party and I now have more fun... more friends and real confidence in myself."

## Dancing Pays Big Dividends in Good Health

Everyone knows dancing is fun but did you know that it's one of the best forms of exercise, too? It tones up muscles, improves balance and posture. And, because learning to dance the Arthur Murray Way is such fun, it helps to calm nerves and let you forget the worries and cares of the day. It's little wonder that doctors often recommend Arthur Murray lessons to their patients as an ideal way to relax. In fact doctors even prescribe them for themselves. So here's one bit of medicine you'll find very easy and enjoyable to take. Come in now and enroll.

TYPICAL ARTHUR MURRAY STUDENT-TEACHER PARTY... The couples pictured above are doing the La Raspa, a gay, South-of-the-Border dance. This is just one of the many novelty dances you will learn at these delightful parties to which all students are invited.

## Here's Why We Like To Teach The Arthur Murray Way

"It really is so easy to teach dancing the Arthur Murray Way and so satisfying to see how quickly even the beginners can learn to dance," says talented Arthur Murray teacher, Tenny Wilson.

"I like to teach dancing the Arthur Murray Way because his way of combining lessons with studio parties gives students the all-important confidence so necessary for popularity," says teacher Diana Seltzer.

## Literally Thousands Have Found More Confidence... New Interest In Life At Arthur Murray's Studios

Yes, it's true! Anybody can learn to dance the Arthur Murray Way. During his 40 years of teaching Arthur Murray has found out and proved that everyone has a talent for dancing. And through these 40 years he has developed a method of teaching that makes learning quick, easy and fun, too. First you learn his "Magic Step", the key step to all dances that even a beginner can master in one lesson. Then, you get actual ballroom experience by taking your lessons with other couples and attending the many Student-Teacher parties. So come in now and join the group of gay, happy people who have found the shortcut to good times.

I, Roger J. Keefe, Secretary of the Borough Council of the Borough of Littlestown, Adams County, Pennsylvania, do hereby certify that Ordinance No. 144 was duly adopted by the Borough Council at its regular monthly meeting held Tuesday evening at 8 o'clock, P.M., DST, September 22, 1953, and that the Burgess refused to sign the same, later returning Ordinance No. 144 with the hereinafter notation thereon, to-wit:

"I Herbert J. Motter after studying this Ordinance do proclaim it a hardship on the Tax Payer as the extra cost will finally go to them, also it takes the Privilege away from them."  
(Signed) H. J. Motter

I do further certify that Ordinance No. 144 reconsidered and re-read at the regular monthly meeting of Borough Council held Tuesday evening at 8 o'clock P.M., DST, October 27, 1953, at which meeting all members of Borough Council were present and at which time it was properly moved to adopt Ordinance No. 144 over the Burgess' veto, and which motion unanimously carried enacting and ordaining Ordinance No. 144 without the Burgess' signature.

to rush toward the guards.

The slaying drew an angry outburst from Dr. Karl Hong Kee, a South Korean government spokesman, who termed it "one of those expressions of outrageous conduct of pro-Communists."

The broadcast dispute had stirred speculation the Reds might try to use it to get out of the talks in an effort to avoid the face-losing refusals they have had so far.

Out of more than 900 Chinese interviewed only 20 asked to go home. The Reds then insisted on North Koreans—who came only after a long verbal struggle—and they were turned down again, 437 to 21, in more turbulent, shouting sessions.

**Tell Lurid Stories**  
However, the Reds got an unexpected prize Monday—the 21 Chinese and North Koreans who turned themselves over to the Indians asking for repatriation.

The Indians said two of the group were POWs beaten Sunday in Compound 28 and six were potential witnesses in the murder investigation. Thirteen of the prisoners came in a group.

All but the six witnesses were returned to the Reds in a ceremony Monday afternoon. On meeting Communist newsmen, they told lurid stories of hangings, knifings, clubbings, burnings and cannibalism in the compounds.
